Discover the TERRAQUANT V.5 LASER — Advanced non-invasive Low Level Laser Therapy based on Quantum Medicine. Now FDA Cleared for Pain! The New Improved TerraQuant MQ2000 V.5 model offers SuperPulsed Laser Technology with peak powers of 25,000 mW.

The most versatile of Healing Lasers. The v.5 offers world-class performance and affordability. Superior to Cold lasers that cost thousands of dollars more. TerraQuant is a professional low level laser therapy (LLLT) device that is used in homes, clinics, hospitals and private practices in over 30 countries around the world with nearly 15 years proven track record. Millions of people and practitioners use the TerraQuant worldwide and it is finally available in the US. Low Level Lasers such as the TerraQuant are called cold lasers because they don't generate enough heat to hurt and will never scorch or burn, making them extremely safe and easy to use. TerraQuant Lasers make laser treatments, pain relief and healing easy, fun, safe and affordable. It's more effective and more versatile than most other lasers and other forms of therapy that we have tested, and tends to provide quick results.

4 Healing Energies in One Device:

TerraQuant utilizes 4 healing energies that work synergistically together to create a quantum healing effect never before available. This powerful combination of 4 healing technologies includes:

- **Super Pulsed Laser Light in the 905 nm range with 25W and up to 5" depth penetration.**
- **Infrared light (wavelengths 860-960 nm)**
- **Red light (wavelengths 600 to 740 nm)**
- **Negative North Permanent magnetic Induction (at 25-45 mT)**
- **and Hertz frequencies from 5-3000 Hz/sec., all controlled by a microprocessor that super pulses the laser light at 10 millionth of a second for maximum penetration up to 5 inches. TerraQuant has recently been upgraded and the newest model v.5 can now be used with 1 or 2 hand-held emitter heads for increased treatment possibilities. Ask about the new optional Laser Shower superpulsed cluster probe, emitter head.**

Digital Console:

The state-of-the-art digital console makes choosing a mode or program very easy. The User can choose between 5 programs that are preset for treatment of numerous conditions including: acute and chronic pain, joint problems, repetitive stress injuries, back problems, hip and shoulder problems, wrist and elbow problems, inflamed or infected muscles, skin conditions (including acne), wound care, burns, scars, wrinkles, anti-aging, cosmetics and much more.

Price:

The TerraQuant Laser newest model as of Feb. 2006 is the MQ2000 V.5. Laser package includes Free Fedex ground shipping, a complete unit includes informative operators manual with numerous protocols for each of the 5 modes and dozens of conditions, 2 pair of protective eye glasses, a 24 month warranty and a carrying case. Price: \$3495.00. Order by calling Kalon Prensky toll free at: 1-888-824-7558.

Some clinically observed effects of Pulsed Infrared & Low Level Laser Therapy include:

- analgesic (pain relieving)
- anti-inflammatory action
- activation of protein synthesis (RNA, DNA)
- sedative action
- anti-allergic and anti-edematous
- activation of ATP synthesis (chemical energy of the cell)
- stimulation of healing
- promotion of tissue regeneration
- shortened wound and fracture healing period
- antispasmodic action of muscles and vessels
- trophic action
- immune modulator effect
- antihistaminic effect
- anti infection effect
- energetic effect
- improvement of blood micro circulation
- increased tissue resistance to oxygen deprivation
- increased muscular efficiency
- shortened recovery period
- activation of neuro-reflex system
- stimulated function of central nervous system
- increased production of endorphin providing anti-stress effect
- bactericidal and bacteriostatic
- stimulation of enzyme synthesis
- enhancement of collagen synthesis
- anti-edematic effect (helps remove excess fluid)
- stimulation of specific and non-specific immunity
- strong antioxidant effect
- normalization and activation of prostaglandin synthesis
- decrease in the lipid peroxidation rate

- none-invasive, drug free, pain free and surgery free therapy that is beginning to revolutionize our approach to healing.

Operating The TerraQuant Laser:

TerraQuant is very easy to use. Its state-of-the-art menu-prompted console offers up to five programs that are preset with selectable parameters chosen from the user manual. The fifth is a manual, personalized program designed by the therapist or the individual on the basis of desired output parameters. The 5 modes are:

- 1. Pain Syndrome**
- 2. Chronic Pain Syndrome**
- 3. Skin and Wound Care**
- 4. Anti-Aging and Cosmetic Skin Rejuvenation**
- 5. Manual Mode - user defined program for Specific Treatment points**

In Manual Mode, the unit is adjustable for pulse frequency of the red Laser light and the Infrared at 5 Hz, 50 Hz, 1000 Hz, 3000 Hz and variable pulse, that alternates between the four pulse rates. Intensity of the Red Laser and Infrared Radiation has three levels of adjustment (OFF - 50 percent intensity and 100 percent intensity). Time interval is adjusted according to your requirements from 1-10 minutes.

Significant reduction of pain & inflammation can be seen in 1 to 10 treatment procedures performed once or twice daily or every other day. Terra Quant therapy is easily and safely performed by holding the emitter or moving it in a circular motion over the painful area. Additionally a 4 piece kit of acupuncture probes and facial attachments can be purchased to meet your specific treatment needs for \$229.

† Doctor Edgar Mitchel writes:

“The problem of present-day medicine is that over centuries Western Scientific thought has been concentrated around a chemical model of organization and function of molecules, tissues and organs in our body. However, this biochemical model should be expanded to deeper levels by including electromagnetic and quantum processes that play a crucial role in self-organization of living nature.”

**Quantum Medicine and Terra Quant
By Prof. Samuel Edelstein**

Quantum Medicine (QM) is a medical methodology which incorporates therapeutic effects of different electromagnetic fields, such as pulse laser radiance, broadband infrared radiance, visible red light and static magnetic field, in order to transform living cells from an unstable state of illness into a stable healthy state. One striking common denominator in all the clinical cases that QM is effective is inflammation. The sequence of events at the tissue level, which leads to the pathological state of inflammation is reduced micro-circulation with changes in blood supply to the cells, resulting in ischemic injury. Any influence that will be able to shorten the duration of the ischemic state will have beneficial effect on the course of the disease and the accompanying pain.

The radiances mentioned above are capable, within a few hours after irradiation of the painful tissue, to improve the supply of oxygen to the hypoxic cells, to improve the microcirculation and to remove toxic waste products from the site. The tissue is rejuvenated and the pains disappear. All the above is achieved by chemical processes in the cells that are responsive to bio-photons. The molecules in the cells that are capable to respond, called chromophores, are porphyrines, enzymes with antioxidant properties, mitochondrial cytochromes and molecules of oxygen. Their response will result in renewed energy production (ATP) and restoration of all impaired cellular functions.

TerraQuant is the only device available today, which combines together pulse laser radiation, pulsating infrared radiation, visible red light and static magnetic field providing their synergistic therapeutic effects. Incorporating all these

radiances in one apparatus enables one to achieve rapid and efficient clinical effect within a relatively short time.

TECHNICAL SPECIFICATIONS:

Average Power:

Total Radiation	60 - 90 mW
1 Diode Laser Light (Super Pulsed)	0.4 -7.5 mW
4 Diodes Infrared Light	30 - 90 mW
4 Diodes Red LED's	02 - 10 mW
Permanent Magnet Induction	25 - 45 mT

Wavelength:

Laser (average of 904 nm)	900 +/- 50 nm
Infrared Light	860 - 960 nm
Red Light	600 - 740 nm
Peak Power	25,000 mW

Laser Class 1M (IEC 60825-1)

Supply ratings 13.5 Vdc, max. 0.7A

Weight 1.5 kg (approx. 3.3 pounds)

Dimensions - 24 cm x 22 cm x 9 cm
